MEMORANDUM FOR ALL NATIONAL BOARD MEMBERS

FROM: CAP/DO

SUBJECT: Online Training Resources

1. Please inform your members about several online training resources that are available to them. These resources are on the Operations Training webpage and can be accessed from the CAP website or directly at <http://ntc.cap.af.mil/ops/dot/>. Here are examples of some of the courses that are available:

- CAPF 5 Course (developed for check pilots, instructor pilots, and all pilots preparing for a check ride)
- Satellite Digital Imaging System Training
- Takeoff & Landing Training - Flight Clinic in a Box Courseware
- Gippand G-8 Familiarization Course (a work in progress)
- SSF/CAP Tow Pilot Course
- SSF/CAP Wing Runner Course

2. CAP is currently working with Cessna and AOPA's Air Safety Foundation to develop a familiarization course for the new C-182s CAP is purchasing. Among other things, this course will explain why landing a C-182 is much different than landing a C-172. The course will be ready in the Spring of 2004.

3. The NHQ POC is John Sharp, Chief of Operations Training. He can be reached at jsharp@cap.gov or 334-953-2452.
